LETTER OF RECOMMENDATION FOR LESLIE BARNES

TO WHOM IT MAY CONCERN:

I am delighted to write this letter on behalf of Ms. Leslie Barnes. I have had the good fortune of working with Ms. Barnes since 2012. The Geothermal Resources Council (GRC) is the largest geothermal non-profit organization in the world, with nearly 1600 members in 45 countries.

Ms. Barnes is intelligent, loyal, dedicated and hardworking. She is committed to getting the job done, on time, and efficiently. Her duties were to assist the GRC Head Librarians with reading large volumes of text to select subject and geographic indexing terms for articles in the GRC's Library. She has great communication skills and works well individually and on a team.

Ms. Barnes also assisted with our 2012 Annual Meetings by providing support for registrations, customer service and handled the GRC Exhibit booth giving demonstrations on how to use the new GRC online library system and provided geothermal information. I highly recommend Ms. Barnes to you without reservation.

Sincerely,

Estela M. Smith
